

GERMAN AGENTS ARE WORKING IN MEXICO

Money and Intrigue Stirring Trouble Anew it is Authoritatively Stated

HUNDREDS OF TEUTONS PLOTTING WITH VILLA

Real Seriousness Lies in Possible Curtailment of Oil Output

Washington, Nov. 22.—German money and intrigue are stirring trouble anew in Mexico, it was authoritatively stated today. Hundreds of Teuton agents, availing themselves of Mexican neutrality, are responsible for the fighting and plotting by Villa, Zapata, Pelaez and Felix Diaz.

The real seriousness of the problem for the United States lies in the fact that the output of the Tampico and Tuxpam oil fields may be curtailed, while the difficulties near the border might ultimately divert some of America's war strength from Europe.

The Teuton spies are seeking to discredit Carranza with the United States by making it appear he cannot cope with the rebel faction; they are stirring up anti-Americanism and are trying to bring on active American intervention, both as a means of detracting from the main war task and to discredit this government with South American republics.

Evidence gathered by secret service agents shows Felix Diaz has been offered \$300,000 to lead an insurrection in Sinaloa. Villistas are again on the rampage and appear to be well supplied and financed with Teuton money.

The Germans are pitting faction against faction. In the Tampico oil fields and parts of Tamaulipas, Pelaez, shielded American interests a long time. Now, the Carranzista general, Dieguez, is warring against Pelaez, with the latter preparing for a stand at Pierre Amarillo. Meantime the oil industry is nervous; but if serious hampering of that business occurs, firm measures by this government may be expected as the oil supply is so vital to the American and British navies.

Code messages in government possession indicate Germany fomenting many strikes in the oil districts. American and Mexican authorities here, however, are hopeful the situation will steady soon.

BARRED ZONE IS EXTENDED BY GERMANS

Will Include Azores and Greek Waters According to Word From Berlin

BELGIAN RELIEF SHIPS GIVEN WEEK TO MOVE

Extension on Account of Important Hostile Bases for Atlantic Navigation

Amsterdam, Nov. 22.—Extension of the German "barred zone" for shipping to include the Azores and Greek waters was announced in a Berlin dispatch received here today.

The statement described the Azores as "containing important hostile bases for Atlantic navigation."

Belgian relief ships and neutrals were allowed one week in which to withdraw from the new barred zone. United Press dispatches received last week from Buenos Aires reported receipt of messages from Spain that the United States was "fortifying" the Azores. The navy department, in denying the report said there was only the usual activity in connection with naval operations there.

The Azores are Portuguese. Several cable lines center there.

SERVICE FLAG IS ORDERED

SEVENTY FIVE STUDENTS WILL BE REPRESENTED BY STARS ON NEW EMBLEM AT NORMAL

Registrar Seigle has sent in an order for the Normal service flag, with orders for 75 fixed stars and space for 25 more. It is not sure yet whether the flag will be placed outside or inside the Auditorium, probably the latter, next to the United States flag already in position.

CATHOLIC WOMEN PLAN BIG EVENT

ELABORATE PREPARATIONS ARE BEING MADE FOR FAIR TO BE HELD IN HURON ST. STORE

The members of the Catholic Women's club are arranging their booths in Beal's old store in readiness for the fair which is to be held Nov. 27, 28 and 29. There are ten booths. Mrs. Matt Marx has charge of the lunch room where hot and cold lunches may be obtained beginning at five o'clock each day. Mrs. R. Whiting will have a Japanese tea room open afternoons and evenings.

Dancing will be enjoyed every evening.

SUFFRAGISTS INVITE ALL WOMEN FRIDAY

Interesting Meeting Will Be Held At The Home of Miss Minor at Three O'Clock

The Ypsilanti Equal Suffrage association, rejoicing in the victory in New York state, is looking hopefully into the future, as the broadest statesman can find Suffrage a most important war measure.

The local society invites all women to its monthly meeting Friday at 3 o'clock at the home of Miss Minor, corner Emmet and Washington streets. The third lesson will be finished. Members please bring leaflets.

THE WEATHER

Lower Michigan—Snow flurries tonight, colder southeast portion; Friday fair, slightly warmer.

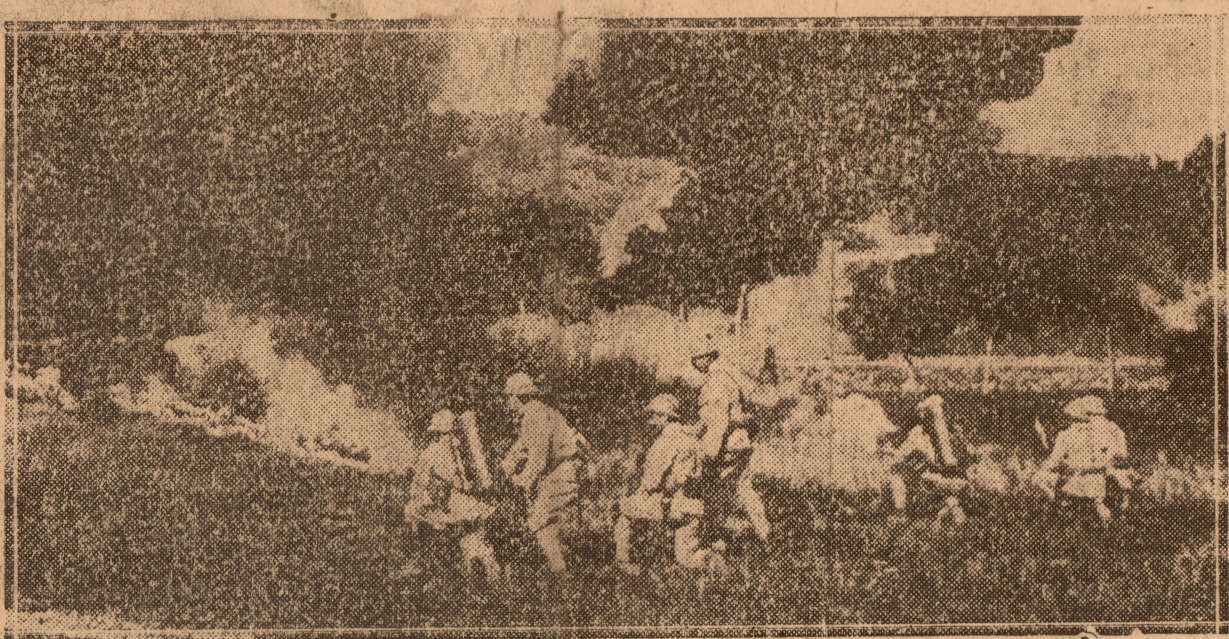

Upper Michigan—Snow flurries tonight with strong north winds; Friday fair, somewhat warmer.

BOLSHEVIKI LEADER AGENT OF GERMANY

Proof is Uncovered to Show That Lenine Was Sent to Russia

CREATURE OF PRUSSIAN PROPAGANDA SERVICE

Sends All Allied Diplomats Invitation Proposing An Armistice

Paris, Nov. 22.—Absolute proof that Nicholas Lenine the Bolsheviki leader at Petrograd, was sent to Russia by the German spy system and is a creature of the Prussian propaganda service is in the hands of the French government.

The announcement was made today on receipt of news from Petrograd that Lenine and co-partner in the Bolsheviki revolt, Leon Trotsky, had sent to all Allied diplomats in the capital an invitation proposing an immediate armistice as the overture to democratic peace parleys.

MORE STUDENTS READY TO WORK

PROF. MORRIS HAS LARGE NUMBER OF APPLICATIONS BUT CITY SEEMS SHORT OF EMPLOYMENT

Principal Morris is swamped with applications for work from students anxious to earn money for the War Friendship fund and is able to furnish places for only a fraction of the number as townpeople have not responded as freely as could be wished to the students' offer to work and give the proceeds to the fund. It is hoped that a greater interest may be aroused on the project and that more applications for help will speedily come for the services of these enthusiastic boys and girls.

Any one wishing to obtain help is requested to telephone Professor Morris, 103 and they will receive not only full value in service, but will be helping in a good cause, that of relieving the boys who reach the prison camps of Europe.

LANSING SCHOOLS START MILITARY WORK

Lansing, Nov. 22.—Lansing high school has installed a course in military training with 65 boys enrolled and Lieut. Charles Margen, formerly of Michigan Agricultural college cadets, later of Ft. Sheridan, as instructor.

The course to be followed will be patterned after the regular drill regulations of the United States army. Officers will be chosen from the ranks. They will range up to major. The class will drill each Wednesday afternoon. When outside drill is impossible because of weather conditions, it is likely that the armory of the Lansing artillery battalion will be used for drill.

PLANT BULBS

Davis & Kishlar have a very choice assortment of imported bulbs. Right now is the proper time to plant them for spring bloom.—adv. 1122

COUNTY QUOTA IS RAISED IN 'X' CAMPAIGN

ACCORDING TO REPORTS IN ANN ARBOR TODAY TOTAL WILL PASS THIRTY THOUSAND DOLLARS

According to reports filed at the meeting of the county Y. M. C. A. committee in Ann Arbor today the county quota will be passed. Following are the amounts reported in various districts:

Ann Arbor	\$14,870.66
Ypsilanti	7,671.19
Chelsea	2,027.00
Manchester	1,404.00
Saline	1,257.00
Milan	1,125.00
Dexter	650.00
Total	\$29,004.85

Among the representatives were W. B. Hatch, H. E. Van de Walker, Carl Switzer, D. B. South, of Ypsilanti; Chas. Foster, Spencer district; L. A. Seaman, Model school district; Rev. Ewell, Begole district; and Mr. McCarthy.

A feature of the reports was the fact that of the \$7,671.19 subscribed in Ypsilanti, \$4,288.87 has already been paid in.

INFORMATION WANTED BY YPSILANTI BRANCH AMERICAN RED CROSS

We desire to compile complete records of all soldiers and sailors, in fact, every person from Ypsilanti in any kind of service.

This information is for future records, civilian relief, and general utility purposes.

Let every one assist in compiling this information and bring or mail to YPSILANTI RED CROSS, 30 N. Washington St., Second Floor.

THOMAS ASHTON DEAD AT ELOISE

DEATH RESULTS FROM ILLNESS FOLLOWING ACCIDENT, FUNERAL WILL BE FRIDAY AFTERNOON

Thomas Ashton, aged 59 years, died Wednesday at Eloise after an illness which followed an accident in a local manufacturing plant and which has extended over several months.

The body has been brought to his home in the Willow Run district where brief services will be held Friday at 1:30 o'clock.

At 2 o'clock there will be a service at the Belleville church.

A wife, three daughters, Mrs. William Nobert of Belleville and the Misses Elsie and Elvira who live at home and one son, David, a soldier at Camp Custer, survive.

GLEE CLUB WILL GIVE CONCERT

The High School Glee Club, Professor Stanley Morris directing, will give a joint concert with A. L. DeGreene at the high school next Tuesday evening. A small admission fee will be charged which is smaller if the ticket is purchased from a student than at the door. Proceeds are to go to the fund for sending the delegates to the Boys' conference at Bay City.

BRITISH TOMMIES BREAK GERMAN LINES

CAMBRAI IS UNDER FIRE OF BRITISH

Center of Six Railways, Chief German City of Communications May Fall

USEFULNESS IS ENDED BY BRITISH DRIVE

All Britain Celebrates Today, Drive is One of Greatest Strokes of War

London, Nov. 22.—Cambrai, center of six railways, chief depot city for the German communications line in Central France, was under fire of British field guns today. Its usefulness as a German base is done. Not only has the Hindenburg line been broken utterly but the vitally important communicating line has thus likewise been smashed.

All Britain celebrated today. There was a holiday spirit in every smiling face, just a little bit more reverence to dun-clothed soldiers in the streets because their brothers were working the modern miracle of war over there and wildest enthusiasm among the Tommies themselves. Newspapers' of staid British journalistic history delve into remote type boxes to share the victory across their pages in "Americanese" "streamers."

The victory was regarded as one of the greatest strokes of the war. It was achieved because British strategists had the courage to try something new in the catalogue of war.

MEDAL IS FOR RESCUE OF SOLDIER UNDER FIRE

Lieutenant Brings In Sammy Caught in Shell Hole After Night Work

American Field Headquarters, France, Nov. 22.—The first Congressional medal of honor for "sons of the American people" may go to a young Lieutenant from Meeteetee, Wyoming. It was expected at headquarters today that General Pershing would make such a recommendation of the officer's rescue of one of his men from No Man's land—under heavy German fire.

The exploit occurred in broad daylight. The lieutenant had led a night patrol. He and his men had already been on duty 30 hours in the trenches. They crawled over No Man's land and lay flat on the ground listening and awaiting German patrols. One Sammy, utterly exhausted by the day's work and the exertions of the night fell asleep in a shell hole close to the German wire entanglements.

When the American patrol returned to its own lines just before dawn the man's absence was not immediately discovered. It was not until daylight revealed all of the tangled weeds and holes of No Man's land that a scout disclosed one man absent. Then the lieutenant, sweeping every inch of the ground with his glasses, located his missing Sammy tucked away in a crater. It was about the same minute that the German discovered him too. The soldier crouched down in his haven while the Boches loosed their machine guns and began hurling grenades at him. The lieutenant slipped over the top of the parapet and crawled flat or his belly down the ravine. The Germans discovered him almost at once. They transferred all their fire to his creeping figure. Back in the American trenches, the Sammie watched breathlessly, firing as far as they could a barrage to protect the low moving creeper. In some miraculous way the lieutenant reached his man and the two turned back cutting along close to the ground with bullets whistling over their heads and cutting the high weeds all about them. They made the trip safely and were welcomed back with cheers and yells of joy no less than of admiration for the officer's feat.

The lieutenant who thus braved the dangers of No Man's land to rescue one of his own "boys" is a graduate of Wyoming University.

Normal artillery and rifle firing continued over the American sector today. Another relief of the front line troops was accomplished without incident. The troops now on the fighting line are the fourth unit to be sent there for "finishing off" of their training for war. The men they relieved were examined in small groups back of the lines—a disreputable looking bunch covered with mud but all perfectly willing to trade places with the boys going into the line.

Some of the evacuated battalion shunned the roads and took short cuts to the rear across craters. The Germans however, did not know relief was taking place and did not fire. An American patrol encountered four Germans in front of No Man's land the other night and fired. The Germans fled.

Mr. and Mrs. Charles Merritt have moved from Bell street to Pearl St.

Tommies Close In On Cambrai As Their Huge Tanks Smash German Lines

GERMANS IN PANIC AS TANKS CHARGE

British Moppers-up Tell How Germans Flee as Troops Bear Down on Them

With the British Armies Beyond the Hindenburg Line, Nov. 22.—Victorious British "carried on" today with her triumphant smashing of the Hindenburg lines.

Tanks, cavalry, infantry—all were closing steadily around Cambrai—the great war machine rumbling over the enemy just as the tanks first crushed the way through the German lines.

The Tommies are now almost within grasp of the German depot of Cambrai as this dispatch is written. Every hour makes the British victory more gigantic in its scope, more astounding in its conception and execution.

The Hindenburg line has been smashed to flinders.

In some sections of the battle front the fighting is practically in the open. British cavalry have been in action. The vast and intricate trench defenses of the Hindenburg line and its subsidiary lines have in many places been stormed and the enemy forced into defense from the open.

Literally delirious with joy, 500 civilians repatriated to France by the British stroke came back from the front today. They had been hurriedly removed from Masnières to Gouzeourt by the Germans and then abandoned. At Gouzeourt they welcomed the sweating Tommies as they streamed into the town.

With their stories and the tales wrung from German prisoners still dazed with surprise of the British blow, it was possible today to piece together some idea of the conditions in the luxurious and - supposedly - impregnable German positions of the Hindenburg line when Gen. Byng loosened his surprise party.

Not a German had any knowledge of the attack until the tanks loomed over their heads. Then they literally "blew up" in panic.

Vast stores of choice wines were found in the officers' quarters. Cigars and cigarettes were packed there profusely.

Many sections of the boasted Hindenburg line came into British hands absolutely intact. The tanks had smashed great gaps. Through these the infantry poured and spread out, fan-wise behind, taking yard after yard of the "impregnable positions" from the rear.

DETROITERS FAIL TO GO TO CAMP

OFFICIAL CHECKING OF BOOKS SHOWS SHORTAGE OF NEARLY TWO THOUSAND MEN, OFFICERS BUSY

Camp Custer, Battle Creek, Mich., Nov. 22.—Detroit stands charged with being nearly 2,000 men short of the number she was expected to send in the present quota, with the result that the books of the receiving officer of the division are in a chaotic state.

So far as the Eighty-fifth division is concerned no action can be taken toward apprehending the absent men, and nothing can be done in their cases here until they are brought in, when each case will be considered on its merits. If it can be proved the men remained absent with knowledge that they should have come they can be tried as deserters.

In the meantime, in a drizzling rain the last train carrying recruits from Detroit arrived Wednesday afternoon. The men were put through the same processes as their brothers of Monday and Tuesday.

None of the other sections of the state were short of men, except an occasional one.

Meat Substitutes

With suggestions for reducing the
amounts of meat used.

Prepared by the
Home Economics Extension Division
of the
Michigan Agricultural College

Creamed Cheese and Eggs
3 hard-cooked eggs.

1/2 t salt.
4 slices toast.
1 T flour.
1 g. cayenne.
1 C milk.
1/2 C grated cheese.
Make thin white sauce with flour,
milk, and seasonings. Add cheese,
stir until melted. Chop egg whites
and add to sauce. Pour over toast.
Force yolks through strainer. Sprin-
kle over toast.

Cheese Omelet
1 C grated cheese.
1/2 C bread crumbs.
1 C milk.
2 eggs.
1/2 t salt.
1/2 t pepper.
Soak bread crumbs in milk until
soft. Stir in egg yolks, then cheese
and lastly the beaten egg whites and
seasonings. Bake in a moderate
oven for 20 minutes.

Fish Balls
1 C left over fish.
2 C cooked potatoes.
1 g. salt.
1/2 t pepper.
Chop fish, add potatoes. Mash all
fine and shape in balls. Bake in
moderate oven until brown. Rice
may be used in place of potatoes.

Baked Codfish in Cream
Soak 1 lb. codfish, drain, cover
with boiling water and parboil 20
minutes. Melt 2 T butter, add 2 T
flour, and when well blended add
slowly 2 C milk. Cook until mixture
thickens. Drain the codfish, put in
a baking dish, cover with the sauce.
Bake in a slow oven 1/2 hour.

ORGAN BUILDER HAS ADVANTAGE IN AIRPLANES

For Construction Department Few are
Better Qualified, Says
L. A. Legros

London, Nov. 22.—If you can make
the dots on dominoes, put the nicks in
penknife blades or, above all, build
organs, you are qualified to enter the
trifling business of building aero-
planes.

At least that seems to be the moral
of a recent speech by L. A. Legros,
late president of the Automobile Engi-
neer's Institute.

"Aeroplane workers," he said, "have
been recruited from every class and
trade. I have heard of one who used
to make the dots on dominoes and
of another who put the nicks in
penknife blades. In the erection of
aeroplanes, the organ-builder stands
head and shoulders above everyone
else. He is followed by the pattern-
maker, but in propeller work the man
who comes out best is the chair-
maker."

TO RAISE MILLION FOR AIRPLANE FACTORY

Ludington Company Votes To Float
Big Stock Issue For War
Work

Ludington, Mich., Nov. 22.—The
Haskelite company, Ludington, voted
Wednesday afternoon to reorganize,
forming a new corporation capitalized
at 1,000,000.

The company manufactures a prod-
uct invented by Henry L. Haskell,
Ludington, for airplanes. A force
of 100 men is being increased daily
as machinery arrives.

NEW RED CROSS DEPARTMENT WILL SUPPLY PILLOWS FOR THE SOLDIERS AT THE FRONT

The following is an extract from a
letter received by the Ypsilanti Red
Cross, from the chairman of the pil-
low department of the Lenawee coun-
ty chapter with headquarters at Ad-
rian:

"In the last bulletin from Paris,
they said they would like 250 pillows
each day. There is no end to the
number in all sizes needed.

"The 16x16 (finished ticks made
of new calico or percale, any color)
ambulance pillow is much desired at
this time. These are filled with
chicken feathers, curled hair, color-
ed (no black) or white snips. Every
pillow must have two white cases.

"The 12x18 (finished ticks, made of
new, or if stout and well boiled, old
ticking or denim) feather pillows for
hospital use are greatly desired. For
these we use geese feathers only;
filling them so as to have them nice
and comfortable, always remembering
that the soldier has but the one pil-
low.

"The 16x15 (finished ticks, made of
new bleached or unbleached muslin)
white snippings, pillow is a desirable
size. This pillow we make to weigh
one pound. All snippings should not
be larger than one-half inch square;
and all old material must be thoroly
boiled before using either for snip-
ping or for ticks.

"This pillow campaign is for the
relief and comfort of the soldiers, in
which so many, both young and old,
are taking special interest. This is
such an important branch of relief
work that I do hope that you may be
able to send a great many to France,
where I suppose our own boys will
soon need them.

"It is not only urgent, but impera-
tive, that this work as well as the
surgical dressings be done as speedi-
ly as possible, so that it may be sent
across the ocean and deposited in
the great ware houses now building
behind the lines, before the ships are
needed for the transportation of
troops.

"We have sent from Lenawee coun-
ty, up to this date (Nov. 5, 1917),
5,000 pillows in the sizes mentioned
in enclosed directions. Our feath-
ers and all materials have been do-
nated by individuals and societies.

So many people have feather beds
and pillows not in use, by advertis-
ing you should be able to get all you
can use. In every case we pack all
old linen, old quilts, or any old sheets
or pillow cases that can be used in
hospitals, to fill in all extra space.

"We send best regards, and the
hope that your pillow department
may prove a wonderful success."
The Ypsilanti chapter wishes to
thank the city firemen for their splen-
did help in the snipping; also the

Ladies' Aid society of the Methodist
church; the ladies of North Con-
gress street, who are snipping one
evening a week; Maxwell Ward and
his boy friends who did such good
work, Craig Brown and various oth-
er individuals who have brought
boxes and bags of snips to the Red
Cross rooms; as well as the training
school second graders and a number
of other Normal and high school or-
ganizations that are getting the snip-
ping classes under way; also the
Ypsilanti Laundry for its very gen-
erous work in renovating and laun-
dering.

The pillow department owes its
existence as a separate department
to the generosity of O. A. Hankin-
son who donated two rooms for its
use, for which the organization is
deeply grateful.

This is one form of Red Cross work
that men, women and children can
help with in their own homes at odd
times, and to which there is no ex-
pense attached. It is slow work for
a few, but with the boys, girls and
grownups all lending a hand, we
ought to show surprising results.

Housewives, search your rag bags
and odds and ends. Boil up your
cotton rags, keep the white separate
from the colored (use no black), and
set the members of your family to
snipping half inch square snips for
ten or fifteen minutes a day. Boy
Scouts, here is work for you. Sun-
day school classes, clubs, societies,
get busy! Wherever possible, fur-
nish your own rags; only be sure
that, if old, they are clean. If it is
impossible to do this, call at the new
Red Cross rooms, southeast corner
of Pearl and Washington streets, en-
trance on Washington, and material
will be provided. If you have the
rags but cannot snip, boil them up
and bring them to us.

It is nearing Thanksgiving and
many chickens will be picked. Far-
mers, save your feathers for the am-
bulance pillows and bring in to us on
Tuesdays or Fridays between 10 a.
m. and 5 p. m.

If there are any churches, schools,
social clubs or individuals who would
like to furnish the material and make
pillow cases directions and dimen-
sions will be gladly given them.

Any old quilts, sheets, pillow cases
or old linen will be acceptable.

The citizens of Ypsilanti have risen
so splendidly to every appeal from
the Red Cross for help, that it is with
the strongest conviction of their
hearty co-operation, and its ultimate
success, that this new department
is installed.

Cut this article out for reference.
PILLOW DEPARTMENT,
Ypsilanti Red Cross.

TRAIN BOYS AND GIRLS OF TODAY FOR WORLD BUILDERS, URGES NORMAL SPEAKER AT MEETING OF W. C. T. U. AND SUFFRAGISTS

The W. C. T. U., Normal and City
Suffrage associations held a joint
meeting Tuesday afternoon in the
parlors of the M. E. church.

Miss Estelle Downing of the Nor-
mal faculty was speaker and her sub-
ject was "Education for Democracy."

"The boys and girls of today will
shortly be men and women who must
reorganize and reconstruct the world
for democracy," she said, "and be-
fore parents and teachers rests the
responsibility for the training of
these world builders.

"What shall the nature of that
training be? The times demand that
emphasis be laid upon certain char-
acteristics to answer the needs of
the nation and of humanity.

"We must foster a desire for the
highest mental development, not to
gratify personal ambition or secure
economic advantage, but as a patri-
otic duty. A democracy needs men
and women who can think and think
straight. We must teach the joy
of hard work. The tasks of the fu-
ture are gigantic, success will mean
putting our shoulders to the wheel.
The line of least resistance leads
neither to power nor to success.

"We must develop the love of ex-
cellence. The poison of the 'passing
mark,' of mediocrity, is in our veins.
We should all be doing 'gold medal

jobs.' We must train our youth in
being 'there,' 'thereness' involves
willingness to undertake and courage
to stand by and carry through. The
times demand people who, when giv-
en a letter to Garcia, take it, asking
no questions and having but one in-
tention—to deliver it in the shortest
possible time. We should develop
individuality. The tendency to var-
iability is the most precious part of
a good education. The primary aim
of a teacher should not be to have a
'clockwork' school but to make her
pupils think, to prepare them to meet
new situations nicely. We must
foster world patriotism. Education
can no longer be regarded as a stor-
ing up process; its purpose should
be nothing less than preparation for
world living; its end civic better-
ment; its teachers, not reservoirs of
information but live wires stretching
between the throbbing world and the
youth, who are the ambassadors of
the future to carry light and leading
to the human race."

Mrs. Roy Curtice contributed a
vocal number, accompanied by Mrs.
Charles Breining. Mrs. C. T. Allen
led the devotional service.

**SOLDIERS WANT HEAT
IN THE STREET CARS**

Battle Creek, Nov. 22.—After one
week of riding between Camp Custer
and this city in heatless cars, soldiers
and workmen at the cantonment were
becoming restless today and practi-
cally all were signing petitions which
urge that the war department take
steps to see that the cars are heated.

The first of last week an announ-
cement was made by Michigan Railway
officials to the effect that the city
cars and electric cars operating to Camp
Custer would be heatless for a few
days owing to the lack of fuel. The
soldiers and workmen were forced
to endure the cold rides for a week
before they uttered protests.

At coal now in the possession of
the Michigan Railway Company is be-
ing used on interurbans operating
from Jackson to Kalamazoo, and Bat-
tle Creek to Grand Rapids. Officials
of the railway stated today that or-
ders for coal had been placed for al-
most two months, but despite this
fact, no promises as to when the cars
will be heated, can be made now.

MAZOLA

is the perfect oil for deep frying, sautéing, shortening, salad dressings—and the economical one.

PRESSED from the heart of golden American Corn, Mazola supplies the need for a vegetable oil which is pure and wholesome.

Fry any food in Mazola and you will find it retains more of the natural flavor.

Use Mazola over and over again—it does not transmit taste or odor from one food to another—the great factor in economy.

Mazola quickly crisps the surface and thus makes fried foods more digestible—free from greasiness or sogginess.

And since Mazola is a vegetable oil it is an important factor in Mr. Hoover's campaign to save butter, lard and suet.

Imported oils are so scarce and high priced now-a-days that you will do well to use Mazola when you want a really delicious salad dressing.

You can get Mazola from your grocer in pint, quart, half-gallon, and gallon tins. The large sizes are most economical. Also ask your grocer for the free Mazola Book of Recipes, or write us direct. Your money refunded if Mazola does not give entire satisfaction.

This is the Ideal Time for Planting Bulbs

The soil is moist and cool and the bulbs will begin to root immediately.

No matter how soon it freezes after the bulbs are underground. All they have to do this winter is to make roots and they will do that better with the surface of the soil frozen.

But Buy Them Now and Get Them In

Prices are no higher than last season—some varieties are cheaper.

We Have a Fine Assortment and are glad to have you look them over.

SIGN and DISPLAY LIGHTING

An Order of the United States Fuel Administration, effective November 15th, forbids the lighting of electric signs before 7:45 p. m. or after 11:00 p. m.

Excepting that each business place or theater may light a plain sign over its entrance, showing the name of the firm or the name of the business or the name of the theater and the show, and keep it lighted until the regular closing time of the store, or until half an hour after the show begins.

NOTICE:—No signs may be lighted on any excuse whatever until half an hour after sunset, which is street lighting time; nor after eleven o'clock at night. There is no limitation of lighting between 7:45 and 11:00 p. m., but we expect that later there will be limitation of excessive display.

The State Fuel Administrator is authorized to enforce this order. We invite all good citizens to conform to it at once.

ALEX DOW, President.

The Detroit Edison Company

SOCIETY NEWS

Calendar For Friday, Nov. 23
Normal college comedy, 8:00 p. m., Pease auditorium.
Suffrage Association, 3:00 p. m., Miss Emma Minor.
I. O. O. F., 7:30 p. m., Oddfellow hall.
Red Cross work, 10 a. m. to 5:00 p. m., over Hutchins store.

Rural Calendar for Saturday
Willing Workers of the King's Daughters, Mrs. Eugene Koch.

Tuesday Sewing Club
The Tuesday Sewing club met Wednesday afternoon at the home of Mrs. W. S. Putnam on Forest avenue. Snipping work for the Red Cross society was the occupation for the work hour. Miss Louise Kincaid of the Normal contributed a vocal number and music on an Edison phonograph made a lovely program. The event was the annual guest day and members were accompanied by guests. Refreshments that were very dainty were served and the club adjourned to meet in two weeks with Mrs. Alec Boutell.

Mrs. Gill Hostess
Mrs. Clement W. Gill, wife of a former Ypsilanti man, was hostess for the Sarah Caswell Angell Chapter of the D. A. R., Wednesday afternoon at her home on Cambridge road, Ann Arbor.

To Represent Gleaners
George Rattray has been elected delegate and Edwin Warner alternate from the Stony Creek Arbor of Gleaners to attend the biennial meeting to be held in January in Kalamazoo.

To Elect Officers
Election of officers will occur at a meeting of Pittsfield Union grange which will be held Wednesday evening, Nov. 28th at the home of Mr. and Mrs. Ira Biddle on the Saline road.

Attends White Shrine Session
Mrs. Florence S. Babbitt was in Lansing Wednesday where she attended the district convention of the White Shrine of Jerusalem. Grand officers of Michigan were present.

Catholic Students' Club
The Catholic Students' club will meet in the club house Monday evening at 6:30 o'clock. Dr. C. O. Hoyt of the Normal college will address the members.

Suffrage Meeting Friday
A meeting of the Ypsilanti Suffrage association will be held Friday afternoon at three o'clock at the home of Miss Emma Minor on North Washington street.

Rawsonville Gleaners
The Rawsonville Riverside Arbor of Gleaners will meet Tuesday evening at the home of Mr. and Mrs. Fred Lau near the village of Rawsonville.

Mrs. R. H. Kilian is spending the week with her daughters, the Misses Mignon and Hazel, who are teaching in Detroit.

DeLoy Jameson has returned to Lorain, Ohio after a visit at the home of his parents, Mr. and Mrs. Elmer Jameson. He expects to be called in the near future for army service.

Mr. and Mrs. Stuteman, who have been guests of Mr. and Mrs. J. L. Fisk, returned Wednesday to their home in Wasco, Ohio.

Mrs. Joseph Richardson is very ill with pneumonia at the home of her daughter, Mrs. Meade Ward in Highland Park.

Mrs. Charles Newton of Grove street is spending some time at the home of Ira Fuller near Tuttle Hill.

C. O. Mohler has resigned his position as manager of the Ypsilanti Grain and Elevator company and accepted a position as manager for the Michigan Bean company at Port Huron.

FRIDAY, DELIVERY DAY

Lunches will be served at Catholic Fair from 5 o'clock on.—adv. 1124

MISS M'KENZIE WILL GO TO FRANCE

ASSISTANT PROFESSOR IN ENGLISH PLANS TO TAKE UP ACTIVE WORK FOR THE Y. M. C. A.

Miss Harriet McKenzie, assistant professor of English at the Normal college, will leave in December for France where she will take up active work in connection with the Y. M. C. A. Miss McKenzie has returned from New York where she appeared Saturday before the executive board and was immediately offered service on salary but did not accept on those terms, preferring rather to work for the first six months at her own expense and, in case the work is agreeable, will continue as a salaried worker in the Y. M. C. A. Her offer was made in view of the new plan of having two women workers in each headquarters to have charge of the canteen, assist in the social work and give the "home touch."

Miss McKenzie is a prominent worker in the Presbyterian church and Sunday school, is a member of the Ypsilanti Players and the Collegiate Alumnae as well as active in many other lines and her attractive personality has won her many social distinctions. She will leave a host of friends here who will eagerly await news of her war service.

FRUIT SHOWER FOR REV. AND MRS. MORSE

Pastor of Baptist Church Delightfully Surprised After Prayer Hour Wednesday.

At the close of the prayer service Wednesday evening Rev. and Mrs. Morse were delightfully surprised. Upon their return to the parsonage they found that the congregation had not only hurriedly left the church but had beaten them to their own home. And more than that—each had brought a quantity of canned fruit which was stacked on the dining room table for a mute but cordial greeting as they entered.

The remembrance was particularly timely since moving has prevented usual preparation for the winter in this respect.

A delightful social evening was enjoyed by the large number of members of the congregation and their friends who were assembled.

GIVE CHILD A GOOD START, MISS PHELPS

In Address Before Meeting of Woman's Club Speaker Outlines Important Early Work

Miss Jessie Phelps of the Normal faculty was speaker Wednesday afternoon at the meeting of the Woman's club held at the Literary club house and her topic was "A Different Kind of Education."

According to the speaker, the primary need in life to the child is the solution of the basic principles that underlie the social relations. Boys and girls should be led from the early teens, she said, to know what the life processes are, the teaching of which should be as important as the giving of the knowledge of the tables in arithmetic. She emphasized especially some of the educational line-ups to give the children power to meet the situation.

Miss Phelps declared the problem of the mother's relation to the child is the most important in the dual educational relationship, but when the parent has found herself in the task of answering honestly the questions of the child, the greatest task is accomplished. Just as a house-keeper is not afraid of dirt, so the mother should not dread the work of facing the child's questions on the facts of life.

"Over against the evils, let us show the children the good that we may rid the world of evil," the speaker said in closing.

Roll call was answered to by giving Thanksgiving thoughts. Mrs. F. G. Hutton read a pleasing Thanksgiving story and Mrs. Roy Curtice sang two numbers accompanied by Mrs. Chas. Breining. Mrs. George Strong gave a clever character sketch.

It was voted to provide a Thanksgiving dinner for a worthy family and Mrs. Clifford Goldsmith and Mrs. M. E. Griswold were named a committee to have charge of this work.

CLUB WOMEN ENJOY EXCELLENT MUSIC

Splendid Program is Presented at Meeting Held Wednesday With Mrs. Davis

A fine musical program in charge of Mrs. Paul Samson was given at the Study club meeting Wednesday afternoon which met with Mrs. M. J. Davis on Michigan avenue. Those taking part were: Mrs. Leon Hand, Mrs. Roy Curtice, Mrs. Lewis Weinmann, Mrs. Charles Breining, Miss Grace Emery, Miss Denley, Miss Golda Cornell and James Breakey.

A very interesting letter from Mrs. G. B. Dunlap was read, stating the arrival of herself and husband Nov. 7th in California, after an overland trip in an automobile which took about four weeks.

Two new members were taken into active membership, Mrs. Ed. Manseau, and Mrs. Wheeler.

Three thousand Red Cross seals were accepted for distribution by the club for the benefit of the Health League.

Dancing every evening at Catholic Fair.—adv. 1124

LOCAL BREVITIES

Injunction is Served
Attorney F. E. Daggett has caused an injunction to be served on William D. Schneck of Ypsilanti township, restraining him from tearing down a building on the May Lay farm which he purchased on contract.

To Join Artillery
Ray Clark of Stockton, Cal., son of Mr. and Mrs. Robert Clark of Superior writes that he intends to again go into army service and that he will enlist with Co. C, Field Artillery of which he has been a member.

Students Present Pulpit
At the assembly Wednesday the class of 1918 of the Normal presented the college with a pulpit, two pedestals and four chairs for the platform in Pease auditorium.

With Aviation Corps
Elwood Stanberry, a prominent Normalite a few years ago and one summer playground supervisor in Recreation Park, is now with the American Aviation Corps in France.

Carl Wirth Promoted
Carl K. Wirth who is with an artillery regiment in Douglas, Arizona, has been promoted to instrument sergeant.

NORMAL HIGH NEWS

Minnie Hammond, Editor

Professor Ford spoke in assembly Thursday on the war and the work of the Y. M. C. A. The high school responded loyally, \$90 being pledged directly, \$16 having been pledged in other organizations.

The editor of Normal High News, Nelson Boutell and Theodore Darling, a former student, left Tuesday morning for North Carolina to join the Marines.

James Warner was absent Tuesday to attend his grandfather's funeral. Lucile Houston is back in school after a few days' illness.

All high school students are now scurrying around for their vaccination certificates.

Miss Connell—"Now open your mouth and sing as if your heart were in it."

Jimmie—"Which is proper to say, Nelson, when leaving a young lady, 'Good evening,' or 'Good night?'"

Nelson—"In your case I think 'Good morning' would be more accurate."

OVERSEER OF JACKSON POOR ON STAND TODAY

Is Charged With Beating and Kicking Inmates of the County Home

Jackson, Nov. 22.—J. J. Barlow, keeper of the county house has been on the witness stand in his own defense today to answer charges of cruelty to inmates brought by the Jackson Organized Charities.

Forty witnesses were sworn, most of these being for Mr. Barlow. Thursday the board will hear the evidence of Mr. Barlow and will go to the county infirmary to interview inmates.

Supervisor Edward Howell said that he believed that the charges were brought by persons who desired to obtain the position for their friends.

A number of instances of alleged cruelty were cited by witnesses, it being charged that Mr. Barlow was very free in kicking inmates who offended him. It was stated that the keeper chased Sarah Ball, a feeble-minded and deaf inmate, from the kitchen and down a hall and that as she was endeavoring to open a door he kicked her several times.

Another witness said that the keeper attacked a man who was ill and who refused to remove his clothes before going to bed. It was alleged that Mr. Barlow struck the man with a broom stick until he begged him to stop. This man died three weeks later.

Vipia Schultz, of Mason, a former inmate, said the keeper beat her until her body was black and blue.

The investigation is being conducted by Judge Stewart Hanley, Detroit, acting chairman; James J. Fisher, Laurium; W. H. Loutit, Grand Haven; and Marl T. Murray, secretary, Lansing.

YOUR NEXT, DETECTIVE TELLS HOBOKEN BARBER

Hoboken, N. J., Nov. 22—"You're next," said Heinrich Henniger, barber, as he finished with a customer.

"No, I guess you're wrong about that; you're next," said a secret service man and he took Henniger into custody as an alien enemy.

NOTICE
Ordinance No. 99
An ordinance to amend an ordinance entitled "An Ordinance for the regulation of street traffic in the city of Ypsilanti, and to repeal all ordinances inconsistent herewith," by adding a new section thereto to be known as section number 2-1-2.
The Common Council of the City of Ypsilanti ordains:
Parking in certain localities prohibited.
Section 2-1-2. It shall be unlawful for any driver to park any vehicle in the following named localities: upon Washington street between Pearl Street and Michigan avenue; upon Cross street between Huron and Adams street; and between Brower and Ellis street, and upon the east side of Huron street from Pearl street to Michigan avenue, and on the north side of Michigan Avenue 50 feet east of the east line of Washington street.
The above ordinance was made and passed by the Common Council on the twentieth day of November, 1917.
And said Ordinance No. 99 shall take effect on and after December first 1917.
Approved by the acting mayor, Nov. 21, 1917.
SUMNER DAMON, City Clerk.

CORROBORATION
Of Interest to Ypsilanti Readers
For months Ypsilanti citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Ypsilanti residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Ypsilanti reader.
W. H. Hall, proprietor trunk and leather goods store, 12 N. Huron St., Ypsilanti, says: "A short use of Doan's Kidney Pills was enough to convince me that they are a sterling backache and kidney medicine. Doan's Kidney Pills cured me of pain in my back and trouble from my kidneys."
(Statement given December 18, 1908.)
THE RESULTS LASTED
On August 10, 1916 Mr. Hall said: "I am still glad to say I think Doan's Kidney Pills are fine and I have a lot of faith in them. The cure they gave me has been permanent."
Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hall had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ITALIANS HALT DRIVE
LATINS ARE STILL FIRMLY HOLDING LINE ON THE PIAVE.

Three Violent Attacks Repulsed—Defenders Distinguish Themselves by the Utmost Bravery.

Berlin, Nov. 22.—The situation on the Italian front is unchanged, the war office announces.

[The German report indicates that the Italians are still firmly holding their line on the Piave and westward to the Trentino.]

Rome, Nov. 22.—The infantry action in Monte Tonia and Monte Monfenera, the vital points on the northern mountain front, were not renewed, the war office announces. Three violent Austro-German attacks were repulsed at Monte Perlich, northwest of Monte Grappa.

Rome, Nov. 22.—The Italian lines along the Piave river and across the Asiago plateau are holding firm under the battering blows of the Austro-German war machine.

Between the Brenta and Piave valleys, in the north, especially around Monte Grappa, Monte Fenera and Monte Tomba, heavy infantry and artillery fighting has been in progress for four days and the battle is proving one of the most spectacular of the eye of man has ever witnessed.

Advices filtering through from that front told of heavy counter-thrusts by the Italians in which the gallant troops distinguished themselves by the utmost bravery.

It was in this sector that the Germans and Austrians moved great masses of men in their endeavor to encircle the Italian left wing, and it is estimated that the invaders have upward of 1,000 guns in action amidst the Alpine valleys.

WEST HAS LED THIS YEAR IN SPORT HONORS

NON-PARTICIPATION OF EASTERN COLLEGES GIVES WESTERN PLAYERS ADVANTAGE

By H. C. Hamilton
New York, Nov. 22.—Non participation in football this year by Yale, Harvard and Princeton means that even more than last year will the west have to be considered in selection for all-American honors.

The west, though, has long been known as a stronghold of football. Men out there have been picked time after time to share the honor posts with men from the big eastern colleges. Seldom has it been that the south has gained even a favorable mention when time came for the experts to dig out their dope and nominate all-American candidates.

This year it isn't going to be so. The south is going to have consideration—and it isn't going to be weak-kneed consideration. Any follower of the game who can, on the face of performances so far, leave Georgia Tech out of his summing up for the season will have to hunt out a lot of alibi, for the southern institute has about as classy a football team as can be found.

In Guyon, former Carlisle star, Georgia Tech has a man who in the palmiest days at Carlisle was a terror. And he is even more so now. In Strupper the school has a light half-back who is said by some to be even a better man than the Indian and in Harlan a fullback exists who is the superior of nearly any other player.

Picking backfield material is going to be brought to a process of elimination between Pittsburg and Georgia Tech material unless some other backs step into the game mighty fast. How and Berry hasn't shown with the brilliance of these men. Chick Harley of Ohio State will have to do some marvelous playing if he hopes to gain consideration over these men.

The two halfbacks at Georgia Tech are almost certain to land somewhere with the honorable accounts of football. McLaren seems slated for the other place.

The south has given the wartime game the greatest eleven the sunny land ever knew, and by so doing has done a lion's share in keeping sports alive. The loss of football at Yale, Harvard and Princeton cannot be missed with such brilliant activity in smaller schools.

BOSTON WINNERS SIGN FOR RACE

Eddie Madden and Frank Corry Will Start in Annual Madison Square Race

New York, Nov. 22.—Eddie Madden and Frank Corry who won the six-day bicycle race in Boston have been signed to appear in the annual race the week of Dec. 2, in Madison Square Garden. Alfred Grenada is also entered and has been paired with Charles Piercey.

SHAY FOUND NOT GUILTY OF MURDER

Manager of Milwaukee Baseball Club Released by Verdict of Jury

Indianapolis, Ind., Nov. 22.—Danny Shay, manager of the Milwaukee base ball club, shot in self defense when he killed Clarence Euell, a negro waiter in the Hotel English cafe, a jury in criminal court decided today.

The verdict found Shay "not guilty" of second degree murder. The jury had been out since 11 o'clock last night.

JOHNSON ASKS EXEMPTION

TRIES TO SAVE BASEBALL BUT PRES. TENER OF NATIONAL LEAGUE IS OPPOSED

New York, Nov. 22.—Ban Johnson stands alone with his surprising statement that he will ask the government to exempt 18 ball players on each major league club this country.

The National league will ask no such favor.

President Tener today told the United Press he would not "go one inch towards Washington to ask President Wilson or the secretary of war for special favors for baseball."

"Baseball is a trifling thing compared to the gaining of liberty for the nations of the world. I cannot state too strongly that the National league has no sympathy with any selfish plan of discrimination in favor of its business or its players. It will not expect exemption for any of its ball players."

"The National league will continue to help the government in every way possible."

WOMEN WILL GUARD NEW YORK SUBWAYS

New York, Nov. 22.—New York is to have women guards and station-keepers on its subway and elevated systems and women conductors on its surface cars. It was announced today.

Preference will be given women relatives of men employees who have joined the army or navy.

HOW THESE MOTHERS KEEP THEIR BABIES WELL AND STRONG

READ THEIR EXPERIENCES TOLD IN THEIR OWN WORDS

"Both my children have taken Father John's Medicine with good results. I always have a bottle of the medicine in the house for an emergency." (Signed) Mrs. S. Larson to Bailey St., Lawrence, Mass.

"I can recommend Father John's Medicine to anyone that is run down. We have used it in our family, myself, my husband and my little boy, for years with good results." (Signed) Mrs. J. W. Jones, 819 St. Clair St., Port Huron, Mich.

"I can carry for any family that cannot afford Father John's Medicine for their children. It has been of great benefit to both mine and my little baby." (Signed) Mrs. Mabel Edgar, R. F. D. No. 1, Shipping Port, Pa.

Mother's especially recognize the value of Father John's Medicine because they know it is a pure and wholesome food medicine which makes flesh and strength without using alcohol or dangerous drugs and is, therefore, safe for children as well as older people.

Surst Cough Remedy Made from Globe Pine

Easily Made at Home. Very Economical Especially Good for Children

Prepare two ounces of glycerine and a half ounce of Globe Pine Compound (Concentrated Pine) from your druggist. Mix these with six ounces of water. Take a teaspoonful of this mixture four or five times a day. It is a powerful expectorant and is as effective as any other remedy for coughs and colds affecting the bronchial tubes. As soon as you see it coming on, take a spoonful of it. It has no harmful effects and may be used freely.

"A SHINE IN EVERY DROP"

Black Silk Stove Polish is different. It does not dry out, can be used on any surface, and is as effective as any other polish. It is a powerful expectorant and is as effective as any other remedy for coughs and colds affecting the bronchial tubes. As soon as you see it coming on, take a spoonful of it. It has no harmful effects and may be used freely.

Black Silk Stove Polish

Is not only most economical, but it gives a brilliant shine that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off. It lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want more Black Silk Stove Polish, be sure to get Black Silk. It's the only one that will give you the most for your money.

Use Black Silk Air Drying Iron Mangle on gratin, 7-12 inches, stove-top, and on mobile fire rings. Prevents rusting. 7-12 inches. The Black Silk Metal Polish is the only one that will give you the most for your money. It is a powerful expectorant and is as effective as any other remedy for coughs and colds affecting the bronchial tubes. As soon as you see it coming on, take a spoonful of it. It has no harmful effects and may be used freely.

NEED VOLUNTEERS FOR RELIEF WORK

DEPENDENTS OF MICHIGAN SOLDIERS MUST BE UNDER ORGANIZED CARE, SAYS MAJ. PHILLIPS

Lansing, Nov. 22.—"We need the help of volunteers in carrying on the relief work for the dependents of Michigan soldiers," declared Major M. J. Phillips, now in charge of the office of the Michigan Preparedness Board today.

"Probate judges have been assisting us in making investigation of the needs of wives and children and aged parents who have been left at home without means of support as we fought in '61 to free the black people. But in many circuits the judges have not the time or the acquaintance with all the people of the counties to make the investigations."

"The recent discovery that some were receiving aid illegally, practically all of which has been refunded and all of which eventually will be repaid to the state makes more impressive the imperative need for careful investigation."

"Trained investigators who will volunteer their services in this work will be doing their bit. However, we do not want any charity workers. The fund from which the aid is paid is not a charity fund. Relief is given to dependents because they are entitled to it. We want to keep it as far from contact with charity as possible. I just wish the people of all the counties in Michigan could realize how effectively they can assist the war board by volunteering. All who are willing and have the time to give to this work should apply to the probate judge of their county."

CONSERVATION IN RELIGION IS LATEST

Scarcity of Fuel Forces Churches in Denver to Unite For Sunday Services

Danvers, Mass., Nov. 22.—Conservation in religion is the latest idea in war-time economy here.

As a result of the scarcity of coal and the high cost of the available supply, the Universalist and Unitarian churches here have united for services during the war.

Three Unitarian churches in Salem have also adopted the conservation plan, and the respective ministers will take turns in conducting services.

HOOVERIZE YOUR LIVING COSTS

AMERICANS TO AID FRENCH IN RESTORATION

Baby Experts Are Sent to Help Conserve and Increase Infant Supply

LOW BIRTH RATE THREATENS NATION

Crying Need For Effective Work Among Children is Reported

Washington, Nov. 22.—American baby experts have gone to France to help that nation conserve and increase its supply of infants, depleted and retarded by the war.

Last year France's death rate was more than twenty of every thousand persons, not counting men killed by the war. Only eight babies were born to every thousand persons. At that rate the civilian population of France is falling 788,000 a year.

Compared with this, in New York state last year 23 babies were born to every thousand persons, while only 14 out of every 1,000 persons died.

The chief cause of this infant and adult mortality the Red Cross said, is widespread tubercular infection which is threatening the population of France as a result of trench warfare.

Before the war France's births and deaths were about equal. But in Paris where 48,917 babies were born in 1911, only 26,179 were born in the second year of the war ending August 1, 1916.

The American experts were sent under the leadership of Dr. William P. Lucas, of the University of California, originator of the "save-a-Belgian Baby" movement. They followed urgent appeal from Major Grayson, M. P. Murphy, head of the Red Cross commission in France.

"There is a crying need for effective work among children," said Major Murphy.

The Americans will work without compensation. Other units will follow. They will carry on a general educational campaign among French mothers in parental hygiene and scientific feeding and care of babies. Special efforts will be made to protect children from tubercular infection.

With Dr. Lucas in the first unit are: Dr. J. Morris Slemmons of Yale, Dr. Julius Parker Sedgwick of Minnesota university, Dr. John C. Baldwin, child specialist; Dr. Clain F. Gelston, Dr. Lucas' assistant; Dr. N. O. Pearce and experts in child welfare, Mrs. J. Morris Slemmons, Mrs. William P. Lucas, Miss Elizabeth Ashe, and Miss Rosamond Gilder, daughter of the poet. Mrs. William Lowell Putnam of Boston financed the unit.

JURY TO GET THE KARLSON CASE FRIDAY

Defense Gets Severe Blow When Physicians Declare Slayer Is Sane

Kalamazoo, Mich., Nov. 22.—Alicie Karlson, patricide, is sane, according to the testimony of Dr. Herman Ostrander, medical superintendent of the Kalamazoo State hospital for the insane who was called to the witness stand Wednesday afternoon.

Dr. Ostrander's testimony was a severe blow to the defense.

Doctors Don P. Osborne and Rush McNair, of this city, but in no way connected with the Kalamazoo state hospital, said that the girl might have been driven insane by the constant wrongs alleged to have been suffered by her. They both maintained, however, that she was perfectly sane now.

The defense is attempting to show that Werner Karlson, who is pictured as a brute, terrorized his family, that he heaped wrong upon wrong upon his sons, daughter and wife, and that these wrongs drove the mother to attempt her life by jumping into a well, and at another time to take poison.

Attorney Howard, counsel, contends that the father was insane.

Nine new witnesses were called by the defense Wednesday morning after the state had finished with its cross examination.

It is believed the case will go to jury Friday.

HERO ROLL TO BE PLACED AT COURT HOUSE

Names of Men From Washtenaw County Who Are in Service Will Be Listed

Ann Arbor, Mich., Nov. 22.—The local military board of Ann Arbor will erect an honor roll tablet in front of the county court house bearing the names of all men of Washtenaw county who are in United States service.

The names of 258 selected men now at Battle Creek will be among the first on the list.

SLAYER FACES REAL TRIAL TODAY

CHEERED BY ROMP WITH LITTLE SON, MRS. EIANCA DE SAULLES HEARS CHARGES

By Hugh Baillie

Mineola, N. Y., Nov. 22.—Cheered by a romp with her little boy, Mrs. Eianca De Saulles today faced with a shy, tight-lipped smile the first real ordeal of her trial for murder. With completing of the jury in sight District Attorney Weeks was ready to launch his first offensive—the opening statement in which the Chilean girl will be denounced as a woman whose Latin blood led her to plot her husband's killing, motor to his home and shoot him in the back. The state may advance jealousy as the motive. De Saulles, club man, politician and Yale athlete, was divorced for unfaithfulness.

There were ten jurors in the box when court convened today and attorneys began questioning veniremen drawn in the special panel of 50, from which two more must be obtained.

PETAIN MEN HOLD FAST

KEEP NEW GROUND GAINED IN OFFENSIVE BETWEEN CROANNE AND BERRY-AU-BAC WEDNESDAY

Paris, Nov. 22.—General Petain's troops held fast today to new ground gained in yesterday's offensive between Croanne and Berry-Au-Bac. The attack was a concentrated, localized assault, covering a front of a little more than half a mile and aimed at very strong German positions. All objectives were attained to an average depth of about a quarter of a mile.

Intense artillery was reported in this sector today.

SOLDIERS SHAVE EACH DAY EVEN IN TRENCHES

Shoes and Buttons Must Also Shine, Writes Lieut. Missig From France

Camp MacArthur, Waco, Tex., Nov. 22.—Even when the year working in the mud of the front line trenches of France, American soldiers must shave at least once a day, dress well and keep their shoes shined and their buttons polished, according to a letter written by an officer of high rank now with the American expeditionary force and received today by Lieutenant Francis H. Missig, of Detroit.

It's all part of the plan to keep up the morale of the troops, Lieutenant Missig comments, adding that a neatly dressed and clean shaven soldier is far superior to a slouchy one.

Officers are expected "to dress for dinner" even while shrapnel is flying all around them.

LOCAL GRANGE GETS STANDARD HONOR

Framed Copy of the Gleaners is Presented by the State Grange

Ypsilanti Grange, No. 56 has been awarded a handsome framed copy of "The Gleaners," which was presented by the state grange as a token that the local order has fulfilled the qualifications that will place it on the standard grange list.

MORE LICENSES TO BE USED NEXT YEAR, BELIEF

Lansing, Nov. 22.—Automobile owners of Michigan were being urged by the department of state today to enter their applications for motor licenses as soon as possible in order to minimize the rush of business around Jan. 1. This plea applies also to owners of trucks and motor vehicles of all kinds, on which there is a tax.

Delaying the matter until the first of next year would cause confusion and would impose a great task on the automobile department. All owners who will require number plates before that time were urged by the department to take prompt action.

The secretary of state said today he expects the number of licenses next year to exceed those of this year. He is preparing for a dearth of work in his office and is employing extra clerks to handle it.

NORMAL NEARS END OF "Y" CAMPAIGN

Only About Five Hundred Dollars of Five Thousand Subscribed Yet To Be Raised

Faculty members and students of the Normal College had raised in pledges and cash \$4,464.25, leaving \$536.75 yet to be raised.
